## REASONS FOR ALLOWANCE

1. Claims 1-24 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1 and 13, an apparatus for lighting a wearable item comprises, in combination, a flexible cable-like electroluminescent wire with its structure and properties as claimed to increase brightness, electrical capacity of the EL filament, flexibility of the lighting placement, safety and visibility of the wearer, and attractiveness of the wearable item.

Claims 2-12 and 14-24 are dependent on claims 1 and 13, respectively.

The limitations of claims 1 and 13 are neither disclosed nor suggested by the prior art of record.

Baumberg et al. [US 5,869,930] discloses a flexible cable-like EL wire with its structure, but does not suggest to combine with any wearable items. In view of that, there is no motivation/suggestion to combine Baumberg et al. 's reference with other EL illumination bags in record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
